Communications Act Certification Requirements for Community Service Grant Recipients

MAY 2015
Public broadcasting stations receiving a Community Service Grant (CSG) from the Corporation for Public Broadcasting (CPB) must certify annually to CPB that they comply with the requirements of the Communications Act of 1932, 47 U.S.C. §396, et seq., as amended (Communications Act or Act), as a condition of accepting a CSG. This document explains the requirements and provides suggestions for documenting a station’s compliance with these requirements1. It does not supersede other provisions of the Act, other grant terms, or other laws and regulations applicable to grantees. CSG recipients should consult their legal counsel for guidance in complying with specific provisions of the Act. This document highlights important provisions of the Act, but it does not constitute legal advice to stations on their compliance.

To ensure compliance, the Act authorizes CPB and its representatives to audit stations, including the right of access to their “books, documents, papers and records.” §396(l)(3)(D). Stations may therefore find it helpful to develop procedures for documenting their compliance with each requirement. Such procedures would support consistency in a station’s compliance, the accuracy of its annual certification to CPB, and evidence that may be useful to demonstrate compliance in the event of a station audit.

Failure to comply with the Communications Act and CPB’s Certification Requirements may result in penalties, including forfeiture of all or part of a recipient’s CSG funding, under CPB’s Grantee Non-Compliance Policy.

1 This document replaces the previous “Certification Requirements for Station Grants Recipients,” issued in 2004.
I. **Open Meeting Requirements**

A. **Governing Legislation:** The Communications Act provides:

Funds may not be distributed pursuant to this subsection to the Public Broadcasting Service or National Public Radio (or any successor organization), or to the licensee or permittee of any public broadcast station, unless the governing body of any such organization, any committee of such governing body, or any advisory body of any such organization, holds open meetings preceded by reasonable notice to the public.

All persons shall be permitted to attend any meeting of the board, or any such committee or body, and no person shall be required, as a condition to attendance at any such meeting, to register such person’s name or to provide any other information. § 396(k)(4)

The term ‘meeting’ means the deliberations of at least the number of members of a governing or advisory body, or any committee thereof, required to take action on behalf of such body or committee where such deliberations determine or result in the joint conduct or disposition of the governing or advisory body’s business, or the committee’s business, as the case may be, but only to the extent that such deliberations relate to public broadcasting. §397(5)

B. **Open Meetings:** Meetings that must be open to the public include, but are not limited to, the following (collectively Open Meetings):

1. board meetings;
2. board committee meetings; and
3. community advisory board (CAB) meetings.

C. **Prerequisites for a “Meeting”:** In order for a gathering of board, committee, or CAB members to constitute a meeting under the Act, the following are necessary:

1. the presence of a quorum; and
2. deliberations that determine or result in the joint conduct or disposition of business relating to public broadcasting.
Note that deliberations do not require any formal action or vote. Any discussion of public broadcasting issues that may influence the opinions of members makes it a meeting.

D. Access to Open Meetings: The Act requires stations to allow anyone to attend any Open Meeting (or any portion of a meeting that is open) without requiring the person to register, or provide his or her name or other information. In the event such information is necessary to ensure a safe meeting environment, CPB does not consider the request for such information a violation of the Act.

E. Notice of Open Meetings: The Act requires stations to provide the public with reasonable advance notice of an Open Meeting. Stations may satisfy that requirement by:

1. providing at least seven days advance notice of an Open Meeting, including the time and place of the meeting, by:
   i. posting notice on the station’s website;
   ii. placing notice in the “Legal Notices” section of a local newspaper in general circulation in the station’s primary coverage area; or
   iii. giving notice through a recorded announcement accessible on the station’s phone system.

2. and by broadcasting an on-air announcement for three consecutive days during each calendar quarter that:
   i. explains the station’s Open Meeting practices; and
   ii. provides instructions on where the public may obtain the date, time, and location of Open Meetings.

F. Copies of Open Meeting Notices: The station must furnish copies of any Open Meeting notice to any individual who requests it by hand delivery, professional courier service, U.S. Mail, facsimile, e-mail or by other electronic personal message.

---

2 A CPB Board of Directors resolution dated April 22, 2013, requires stations to post all open meeting notices on their websites. Stations without standalone websites may post their notices on other public media websites. The documents must be easily found by the public.
II. Closed Meeting Requirements

A. Governing Legislation: The Communications Act provides as follows:

Nothing contained in this paragraph shall be construed to prevent any such board, committee, or body from holding closed sessions to consider matters relating to individual employees, proprietary information, litigation and other matters requiring the confidential advice of counsel, commercial or financial information obtained from a person on a privileged or confidential basis, or the purchase of property or services whenever the premature exposure of such purchase would compromise the business interests of any such organization.

If any such meeting is closed pursuant to the provisions of this paragraph, the organization involved shall thereafter (within a reasonable period of time) make available to the public a written statement containing an explanation of the reasons for closing the meeting. §396 (k)(4)

The term ‘meeting’ means the deliberations of at least the number of members of a governing or advisory body, or any committee thereof, required to take action on behalf of such body or committee where such deliberations determine or result in the joint conduct or disposition of the governing or advisory body’s business, or the committee’s business, as the case may be, but only to the extent that such deliberations relate to public broadcasting.” §397(5)

B. When may a meeting be closed? The Act allows stations to hold Closed Meetings, or to close an Open Meeting, when discussing any of the following:

1. matters concerning individual employees;
2. proprietary information;
3. litigation and other matters requiring confidential advice of counsel;
4. commercial or financial information obtained from a person on a privileged or confidential basis; or
5. the purchase of property or services, if the premature disclosure of the transaction would compromise the station’s business interests. §396(k)(4)
C. Closed Meeting Documentation: The Act requires stations to document and make available to the public the reasons for closing a meeting within a reasonable time after the meeting. CPB recommends that stations post statements of those reasons on their websites within 10 days of each Closed Meeting.

If any individual requests them, stations must also furnish copies of those statements, which they may do by hand delivery, professional courier service, U.S. Mail, facsimile, e-mail, or other electronic personal message.
III. Open Financial Records Requirements

A. Governing Legislation: The Communications Act provides as follows:

Funds may not be distributed pursuant to this subsection to any public telecommunications entity that does not maintain for public examination copies of the annual financial and audit reports, or other information regarding finances, submitted to the Corporation pursuant to subsection (I)(3)(B). §396)(k)(5)

E. The Public’s Access to Financial Information: The Act requires stations to make available to the public their annual financial and audit reports and other financial information they are required to provide to CPB. CPB considers a station to be in compliance if it:

1. makes its current year annual audited financial statement⁴ and corresponding audit report available for public review at its primary office. Stations exempted by CPB from providing audited financial

D. Station’s Oversight of CAB: The Act requires that stations make good faith efforts to ensure that:
