We are pleased to present the fiscal year (FY) 2015 Annual Plan for the Office of Inspector General (OIG) of the Corporation for Public Broadcasting (CPB). In this plan, we identify the projects we will undertake in FY 2015 and the measures we will apply to assess our performance. We also report on our performance against our FY 2014 performance measures. This plan aligns with our strategic goals of 1) providing timely and quality products, 2) promoting effective relationships, and 3) promoting excellence in OIG. Our planned work also supports CPB’s priorities of transparency and integrity.

We made our planning decisions based on our risk assessment and discussions we held with senior CPB officials. We also asked for input from the CPB Board of Directors (Board) and members of the pertinent committees of the U.S. Congress. As the year progresses, we may change our plan to address emerging issues and special requests. Our aim is to maximize our limited resources to best promote accountability in public media by focusing on high priority initiatives, large investments of CPB resources, and other identified risks.

**Vision**

We support public media by promoting accountability for and recommending improvement in the initiatives and operations of CPB.

**Mission**

To promote the efficiency, effectiveness, and integrity of CPB initiatives and operations, we conduct independent and objective audits, investigations, and other reviews.

**Core Values**

*Integrity* – All of our work must be fair, balanced, and credible.

*Excellence* – We do our best in all of our activities and follow professional standards.

*Collaboration* – We seek and value input from each other and all stakeholders.
Goals, Strategies, and Planned Work

Goal 1: Provide timely and quality products that benefit CPB initiatives and operations.

Strategies to achieve Goal 1:

- Conduct risk-based audits, evaluations, and other reviews of CPB grantees, contractors, vendors, and operations that provide accountability and recommend improvement.
- Conduct investigations to improve integrity over CPB programs and operations.
- Fully evaluate all allegations submitted to OIG and follow-up as appropriate.

Planned work supporting Goal 1:

Audits and Evaluations

Our oversight universe consists of about 1400 public television (TV) and radio stations that receive Community Service Grants (CSG) and another 230 open grants and contracts to produce TV and radio programming, upgrade digital access in public media, and implement other CPB initiatives, e.g., the U.S. Department of Education Ready to Learn program and the American Graduate project. Our universe also includes all internal operations of CPB.

We conduct audits under the Government Auditing Standards (GAS) issued by the Government Accountability Office. Typically, we conduct attestation examinations of stations’ compliance with grant agreement terms under GAS. We also conduct financial audits of CPB production grants and other grants and contracts under GAS and may conduct performance audits addressing specific objectives related to program results and effectiveness under GAS. In addition, we provide limited oversight of the independent public accountants conducting CPB’s financial statement audit.

We perform evaluations under the Council of the Inspectors General on Integrity and Efficiency (CIGIE) Quality Standards for Inspection and Evaluation. Evaluations are typically limited scope reviews of a grantee’s performance and can be conducted in a shorter time frame than an audit.

Planned Audits or Evaluations

This fiscal year we plan to conduct audits of the following program areas:

- 2 TV and/or radio stations;
- 1 digital grant;
- 2 production grants; and
- 1 limited scope performance audit addressing multiple (at least 6) stations’ performance against grant requirements or whether CPB policy objectives are being met.
We also anticipate conducting limited scope evaluations of hotline complaints related to Communications Act compliance or other compliance matters if warranted. In addition, we will conduct a peer review of another OIG.

**Hotline and Other Complaints / Investigations**

OIG’s hotline is our primary mechanism to receive complaints raised by the public, CPB employees, and the public media community. We evaluate all complaints to determine the merits and whether the issue presented is one that we have authority to address. While most complaints do not result in formal OIG projects, complaints can lead to audits, evaluations, or other reviews of significant compliance issues or investigations of potential criminal activities. We conduct all investigations in accordance with the *Quality Standards for Investigations* issued by CIGIE.

**Goal 2: Promote effective working relationships with Congress, the CPB Board, management, and stakeholders and increase the visibility of OIG in the public media community.**

**Strategies to achieve Goal 2:**

- Keep CPB’s Board and management appropriately informed of OIG activities.
- Promptly respond to Congressional requests for information or assistance.
- Reach out to the public media community.

**Planned work supporting Goal 2:**

We will send regular status reports on our pending work to CPB’s Board and management, brief the Board as requested, meet periodically with management to discuss issues of mutual concern, and solicit input to our annual plan from both the Board and management. We will send all draft reports to management officials and auditees, consider their comments when we write the final reports, and ask for their feedback on the audit process after we complete audits. We also will review and comment on all pertinent legislative proposals and CPB draft policies and guidance.

We will keep Congress informed of our activities through our Semiannual Reports to Congress and by responding to any specific Congressional requests for information. We will evaluate all Congressional requests for assistance and initiate responsive research, audits, evaluations, investigations, or other reviews as appropriate. We will also solicit input for our annual plan from members of pertinent Congressional committees.

We will conduct outreach to the public and to the public media community via our website, social media, and other tools to educate them on our roles and responsibilities. We will promote our hotline as a tool to help improve accountability and integrity of CPB-funded activities.
Goal 3: Promote excellence in OIG.

Strategies to achieve Goal 3:

- Maintain a diverse, highly skilled workforce.
- Foster an environment of open communication, respect for ideas, and appreciation for each individual’s contribution.
- Provide technology, equipment, training, and other resources necessary to our work.

Planned activities supporting Goal 3:

We will support our audit staff by providing the extensive training required by their professional standards. We will also provide laptop computers and other technology that they need to conduct work on-site at auditees. In addition, we will provide appropriate training to our other staff.

We will conduct all of our work in accordance with applicable professional standards and update our internal manuals to incorporate revisions to those standards. We will also procure an independent annual analysis of our quality assurance activities.

We will hold monthly staff meetings to report on significant developments, discuss issues of concern to the staff, and prepare for upcoming activities. Each staff member will also meet monthly with the Inspector General and Deputy Inspector General to discuss the status of his/her pending projects.

Report on FY2014 Performance Measures

We are pleased to report that we had a very productive FY 2014. We exceeded all of our performance measures, as the chart below illustrates. We reported on 13 entities: 10 stations, 2 digital grantees, and 1 producer. We audited more than $85 million in CPB grants and also issued two reports recommending improvement in CPB’s internal management and one report on our survey of underwriting and in-kind contributions. We handled our incoming complaints timely, communicated regularly with the Board and CPB senior officials, and reached out to the public media community through conferences, station visits, and email messages.

This chart reports our results on each of our FY 2014 performance measures.
