A new survey asked parents about their attitudes, beliefs and practices related to early learning and early science learning.

edc.org/what-parents-talk-about

99% of parents want to be involved in their child’s education

85% of parents say their children will not learn everything they need to know in school

7 out of 10 parents say having ideas for doing science with everyday materials would help them do a lot more science at home
