For their Service to the People of Tennessee

CPB's mission is to ensure universal access to high-quality content and services that inform, educate, and enrich the public and help inform civil discourse essential to American society. It does this in partnership with public media stations across the United States.

The public media stations of Tennessee support this mission by providing vital educational and informational content and community services in partnership with state and local governments, community organizations and volunteers. In doing so, they meet the needs of Tennessee's diverse urban and rural communities, promote the state's rich musical and cultural traditions, and reflect Tennessee's spirit of volunteerism and civic engagement.

CPB is proud to work in partnership with the public media stations of Tennessee, and we look forward to a vibrant future of continued service to the people of Tennessee.
