

NEW: CSG Agreement and Certification of Eligibility

October 6, 2016

CPB has adopted a new CSG Agreement and Certification of Eligibility for television and radio stations. To avoid delays in receiving your Community Service Grant, please make sure you understand the requirements of the new agreement, which requires stations to provide more specific information about their compliance with the Communications Act.

The agreement must be accepted by your Head of Grantee and Licensee Official and submitted electronically through CPB's Integrated Station Information System. To begin the process, CPB expects to release FY 2017 grant offers in early November.

You may want to review our recent webinar that shows you how to complete the new Agreement.

CPB will periodically issue Compliance Alerts that address important compliance matters. Please forward questions to: jlivesay@cpb.org.
