

Request for Proposals

Audio Video Creative Production Services

FILING DEADLINE: June 30, 2017 by 6 PM ET

The Corporation for Public Broadcasting (CPB) seeks mixed media audio/video production services (Producer) for up to twelve videos and six podcasts to be created from August 2017 through March 2018. Production will occur at various locations around Washington, DC vicinity and other areas around the country, at CPB's request.

The services will support a training program CPB will host for public media leaders. The program is based on the five critical strategic areas identified in a recently completed study by PwCStrategy& represented in Figure 1. It will begin with a two to three day in-person immersion event expected to occur in September 2017, and will continue with up to seven 90-minute webinars every two to four weeks for the remainder of the period.

The Producer will work with CPB and its designated curriculum developers to identify and select the mixed media pieces for the training program. We expect to require up to 25 pieces that vary in format and length, such as:

- Instructional training videos with a creative use of mixed media, with expected length 18 minutes or shorter.
- Testimonial videos and/or audio segments in appropriate location and style appropriate to material, with expected length 15 minutes or shorter.
- Interview style videos and/or audio segments possibly on location at spokespersons office or a public television station with expected length of 10 minutes or shorter.
- Other visual or audio pieces, such as podcasts, better suited for the curriculum not identified above.

It is anticipated that up to 10 pieces will need to be produced prior to the September 2017 event. The remaining pieces will be produced during and/or after the event.

Production quality should be simple and professional. The producer must be available upon short notice. The Producer will be compensated on an hourly basis and the contract will initially extend for a nine-month term. The contract will be renewable for two additional six-month terms at CPB's sole discretion.

I. Travel & General Terms

The producer will be working within the Washington, D.C. metro area including Baltimore, Maryland with travel outside this area required, at the request of CPB. CPB will reimburse travel expenses consistent with

CPB's travel policy, a copy of which is attached as Exhibit A. The general contract terms that will apply for this project are detailed in Exhibit B.

II. Experience and Knowledge

The Producer may also be required to include the following deliverables: Outlines, storyboards, scripts, graphics, rough cuts, finished tapes, DVDs, CDs, and/or electronic files.

3. Short-Form Content Examples: Not more than ten examples and/or links of short form content that the producer has shot and edited for promotional use in as many of the formats identified above, as possible. For each example, please include a short narrative describing the process involved and the time and staff required to complete.
4. Curriculum Vitae: The curriculum vitae or résumé(s) for all staff included in proposal.

B. Cost proposals should be in the format of the example attached as Exhibit C. The cost proposals must identify the producer's rates for one- and multiple-person teams on a day rate, half-day rates and hourly rates, as well as any additional costs associated with potential equipment use. The breakdown of rates must include the costs during the initial contract term and each renewal period. CPB will not cover costs for local travel for shoots within the Washington, D.C. metro area, including Baltimore, Maryland. Travel reimbursement outside of this area will be subject to CPB's advance written approval.

IV. Evaluation Criteria

Proposals will be evaluated based upon the following criteria with the associated weight:

- The Producer's experience and whether the examples demonstrate the producer's (assigned to this project) ability to shoot and edit short-form content for promotional use in the above formats. (70%);
- The reasonableness of the cost for producing short-form content. (30%)
